## DUMBA REQUESTS THIS IN RECALL

Austrian Ambassador Promises Statement When He Reaches Vienna—Indignant Over Publication of His "Strike" Letter.

Lenox, Mass., September 14.—The Austro-Hungarian ambassador, Dr. Constantin Dumba, today announced that he had requested his foreign office to recall him on leave of absence in order that he might make a personal report on the situation in the United States, which resulted in a request by the United States government for his recall.

In authorizing the Associated Press to make the above announcement, Dr. Dumba expressed indignation that the text of his message to the Austro-Hungarian minister of foreign affairs, Baron von Burian, already had become public without his consent or knowledge.

In view of "the situation," he said he probably would not make public the statement of his position which he had in mind to give to the American press. He would, however, have something to say through the Austrian press when he reached Vienna.

"I may say," said Dr. Dumba, "that I have sent this message to our minister for foreign affairs."

"I beg your excellency to recall me on leave of absence for personal report."

"This was a purely official message, and now for the first time I authorize its publication. It was sent from the embassy by the only means I had had to communicate with my government and to my astonishment it has become public, though sent through the Associated Press, to whom I had promised to give a formal statement when I was prepared to do so. In view of the situation now, I think that I will have nothing whatever to say regarding my position to the American press. I will, however, probably have something to say to the public through the Austrian press after I have returned home."

"Agents in New York are arranging reservations for me on a Dutch or Norwegian steamer, but the exact date of my departure has not been determined. I expect that the British government will afford me safe conduct."

Dumba will sail for New York on September 22.

Copenhagen, Denmark, September 14. (Via London.)—According to The Copenhagen Post, Dr. Dumba, the Austro-Hungarian ambassador to the United States, will sail on the steamer Frederick VIII from New York on September 22 for Copenhagen.

## WIFE'S CONFESSION LED HIM TO KILLING

Continued From Page One.

Testing of the law around the sanctity of the home of every man in the community.

"We expect to show that on the very afternoon of the tragedy, Bishop was in the home of his wife, and that there was never any difference between Bishop and his wife. They got along splendidly as acquaintances, fellow-citizens and business men in the same neighborhood. There had never been a breach between them until Bishop invaded the Chewning home."

"The newspapers like to call such carnage as this a 'woman's law,' but the defendant doesn't plead it any more than he expects to plead that his act was sanctioned by the law—ordered by it—and that same law gives you and every man the right to protect against degradation of your home."

## WIFE NOT IN COURT.

Mrs. Chewning, wife of the defendant, a young woman 24, perhaps, was not in the courtroom. It is rumored that she and her husband have been estranged since the homicide. Chewning was accompanied to court by his attorney, Howard Paul Lindsey and J. J. Steele.

The shooting at Bishop occurred at the Bishop & Harrison grocery store at Scottdale about 9:30 o'clock on the night of July 7. According to witnesses produced by the prosecution, Bishop was standing against one of the counters in the place with his back to the door, cutting with a knife.

On the threshold, it was testified, he raised his shotgun he carried and fired at Bishop, blowing off the back of his head. Bishop fell to the floor and his body was whirled over a revolver, attempting to fire into the fallen body. H. T. Johnson, one of the eyewitnesses, testified that he sought to restrain Chewning from firing a revolver, but that his husband put its six bullets into the fallen man.

## CHEWNING ARRESTED.

An automatic pistol was taken from the body of Bishop. Chewning walked toward his home, where he was put under arrest by County Policeman A. C. Ford. He gave no resistance. He was said, by one eyewitness, to have given his victim no warning, leveling his gun and firing the moment he stood in the doorway.

The defense was concerned chiefly Tuesday with showing the relation of Mrs. Chewning with Bishop. A number of neighbors were put upon the stand who had seen Bishop visit the Chewning store and home during the hours of the day—mostly the morning—when her husband was absent.

Quinton Roseberry, a boy of 11 years, who testified with his mother, Mrs. M. L. Roseberry, that they lived directly across the road from the Chewning place, and that he had frequently seen Bishop come to Mrs. Chewning while her husband was away.

"Do you know the distinction between the truth and a lie," he was questioned by Judge Smith.

"Yes, sir, I do," he replied.

"Do you know the difference when you are on the stand and tell the truth?"

"What is the difference?"

"When I just talk, why, that's just plain talk—but when I tell a story in court, I'm liable to go to the bad man. His qualification was complete."

## SAID SEE LOVE'S BISHOP.

Luther Mize, a resident of Scottdale, who had been a customer of the Chewning establishment, swore that he once entered the store unobserved, and that he overheard Mrs. Chewning, sitting in the office, reply to Bishop's query: "Do you still love me?"

Mize stated that he had gone to the store for ice cream, but fear of interrupting a delicate situation, had departed without the purchase.

There was some indication that a demerol trial, when witnesses for the defense testified derogatorily in minor details, to the defendant, and Judge Smith warned the audience that outbreaks could mean instant action from the courtroom.

WOMAN IS FINED \$10.75 FOR HITTING OFFICER WHILE INTOXICATED

At the conclusion of a sensational trial in police matinee Tuesday afternoon, when Mrs. Mattie Walker, J. L. Davis and J. A. James were each fined \$10.75, the woman for being drunk and disorderly and the two men for disorderly conduct, Recorder Johnson, in defense of Call Officer Roland Haelet, against whom charges had been made by a witness, paid a tribute to that officer and his devotion to duty.

Mrs. Walker lives at 27 Markham street with her parents, Captain and Mrs. M. H. White. Captain White is a conductor on the Southern railway, and Mrs. White runs a boarding house at their residence.

According to testimony of Officers Veeb and Haelet, they were called to 27 Markham street Sunday night about 10:15 o'clock.

They stated that they had been informed by some one over the phone that a man was being murdered there, but when they arrived there was no one there and the case was closed.

When the officers went to Mrs. Walker's room she denied them admission. They then forced the door and went in. Officer Haelet stated that he found Mrs. Walker only partially dressed and intoxicated, and that while he was trying to get her to accompany him to the police station, she struck him.

On the morning after the men who were fighting, according to the residents of the house, and left when the officers were called.

Mrs. Walker and Mrs. White claimed that Officer Haelet mistreated the former and sought to prove that it was on account of the Mrs. Walker would not go to the station house.

"On behalf of Officer Haelet," continued the judge, "I want to say that there is not a better police officer in the Atlanta force. He is a man who is absolutely fearless in the performance of his duty."

## GERMANY MUST DISAVOW SINKING OF LINER ABRIC

Continued From Page One.

It is made that the violence of the explosion and the place in which the steamship was struck, as set forth in accounts of the disaster, indicate that it was due to a mine.

The report does not profess to be final, but is based on evidence so convincing to the government that it feels in asserting the Hiesperian could possibly have been attacked by a German submarine.

On the German position, as semi-officially stated, follows:

Source, the news already received taken in connection with facts officially known, seems to exclude almost absolutely the possibility that a German submarine could under any circumstances have been concerned in sinking the British passenger steamer Hiesperian.

Firstly, according to the arrangements distribution, no German submarine could have been on September 1 in that part of the ocean in which Hiesperian was sunk.

Furthermore, the explosion, according to descriptions received from British sources, was of such a nature as to indicate that it was due to a mine rather than that of a mine to a torpedo.

The circumstances that, according to these descriptions, the vessel was struck near the bow and that the bow compartments filled with water, goes to confirm this assumption.

The note contains also a paragraph to the effect that all the submarines were at sea on September 4 have not yet returned, but that there is no reason to expect the reports they will supply will change the situation.

The note is a statement of the facts as the German government sees them, without any suggestion of comment or opinion on the German submarine policy.

## CERTIFIED HOLSTEIN COWS' MILK FOR THE SICK AND CONVALESCENT

In cases of nervous illness, physicians often order milk for the sick, but many people, even when in the best of health, cannot digest ordinary milk.

How is it possible that some people can digest milk while others cannot? The answer is simple: the milk is not pure.

It is a well known fact that even the most delicate infants thrive upon it.

The booklet amount of fat is contained in the form of minute globules that remain rapidly to the action of the digestive fluids. In ordinary milk the globules are so large that they are in quantity but the globules containing it are more than twice the size of those in Holstein Milk. On reaching the stomach these large particles of fat form coarse, heavy curds that are digested only with difficulty.

The meetings have heretofore been held at the University club, but on account of alterations being made at the club the change was necessary.

## What Every Mother Knows.

Every mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy obtained from druggists, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pained is relieved. In many cases nausea, morning sickness and other distresses are avoided.

count of alterations being made at the club the change was necessary. This meeting, the first of the fall, is an important one and all members are urged to attend.

Refreshments were served in the reception hall. ## Lecture at Ansley.

The program of lecture Friday at 8 p. m. at the Hotel Ansley is as follows: "America—Song, by the audience, led by Dr. E. A. Kraft. Selection—Male quartet of the Southern Bell Telephone and Telegraph company—Song—(a) "For You Alone" (bally); (b) "The Song of the South." The quartet will be accompanied by Mrs. Annie Bay Bell Carroll. Some "Wonders of the West," with thirty illustrations—Mrs. William L. Brown. Mrs. Peel was asked how she could possibly give information on a subject after a hurried trip, in which she aptly replied that she lives, does not yearn, and that some people could travel forever and never see anything. "Really," said she, "I hope nobody will think I am assuming too much in my little talk to make some comparisons between this and other cities with much smaller bank clearings, for as Mrs. Mahanop would say, "comparisons are odorous," but it is very well to get our bearings now and then. I hope all who come out will feel repaid."

For ten or fifteen years I have had a mania on the subject of the building and planning of cities, and when I go to a town I look first at the streets and sidewalks, then at the buildings and skylines, and then I ask how much money they have got. Since seeing some clean, wholesome cities west of my mania has become acute. Owing to the limited seating capacity an admission of 25 cents will be charged.

## 600,000 ATTENDANCE FOR FESTIVAL WEEK

**Retail Merchants Pledge Support to Get Biggest Crowd Atlanta Ever Saw.**

An attendance of 600,000 people during the Harvest Festival week was the high water mark set at the meeting of the Atlanta Retail Merchants' association yesterday at their luncheon in the Ansley hotel. "There is no reason why," said President Beaumont Davidson, of the festival association, "we should not have a total attendance of 600,000 people upon the grounds to be pulled off the week of the Harvest Festival." The Harvest Festival was enthusiastically endorsed at noon yesterday at the largest meeting of the Atlanta Retail Merchants' association held in six months. At the close of President Davidson's address a resolution was adopted pledging the backing of the Atlanta retail merchants to the festival.

**Executive Committee Meets.** At a meeting of the executive committee of the Georgia Festival association, held Tuesday afternoon in the directors' room of the headquarters, it was suggested that the Rotary club of Atlanta, have charge of all aerial events of carnival week, including the aerial battle which is scheduled to take place two days during the week. It was also suggested that the M. M. C. club, of Atlanta, have charge of Carnival City and all amusement events on the streets the week of the festival.

President Beaumont Davidson called special attention to the fact that the agricultural implement people are interested in the festival, and especially in the Agricultural day parade, and in order to acquaint them with the detailed plans of the festival it is expected that the managers of the various implement concerns in Atlanta will be invited to a special luncheon within the next few days. It was agreed to have a luncheon at the Piedmont hotel at 12:30 next Friday, at which will be invited a list of representative citizens of Atlanta, following out the plan of the festival association to acquaint all the people of Atlanta, section by section, with the detailed plans of the festival association. Another luncheon of the same kind will be held on next Tuesday night at the Winifred hotel, and among those who will be asked to be present and speak on this occasion will be James H. Gray, President of the Clark Howell and P. E. Murray.

**Military Drill.** There will not only be straph flights, but also balloon ascensions and flights of airplanes carrying mail and delivering packages, in addition to the mimic war which will be carried on by the war aeroplane. The Fifth regiment at a meeting last night decided to have their championship company drill at the Auditorium between dances on Wednesday night. This being Military day and the night of the military ball at the Auditorium. The first feature of this drill will be a company drill, two companies competing for the final championship. Those winning the drill will be the champions of the regiment for the next year. There will also be brigade prize drills. These and other features are so arranged to make the military ball one of the most popular events of the week and will crowd the house to its capacity. Those at the executive committee meeting last night were Beaumont Davidson, W. W. Orr, Ivan E. Allen, Lucien York, Mayor James G. Woodward, J. Lee Barnes and C. H. Kelley.

Ratliff, in charge of the anti-saloon work in Vicksburg, Miss., was present by invitation. He reviewed the progress of temperance in his state.

## Big Pickle Plant Starts Force of Forty to Work

A piece of good news

clipped from Sunday's Constitution

Dawson Bros. Mfg. Co., on Peters Street, Begins Active Operation of the Former Plant of Jones Bros. Co.

When the 7 o'clock whistle blows at the big Pickle and Preserving plant of the Dawson Brothers' Manufacturing company on Monday morning next, some thirty or forty employees who have been idle for several months will be back to work. This plant, at 17 street, which the Peters operated

by Jones Brothers company, and was one of the largest concerns of its kind in the south. Several months ago, through business reverses, the plant was closed down, and after a short time passed into the possession of Dawson Brothers Manufacturing company, a firm of many years' successful experience in the pickling and serving line. At the time the Jones Brothers acquired the Atlanta plant they also owned similar large plants in Memphis, Tenn., and Dallas, Tex. Within the past ten days the company has also secured a large plant at St. Joseph, Mo., formerly the late Jones Bros. & Co. This latter is even larger than the Atlanta plant and is equipped with all the latest modern pickle, vinegar and serving machinery. Since taking over the Atlanta plant the Dawson Brothers have

# You Can Help

Some people don't like smoke.

And, perhaps, it is just as well to regulate it, so that its discomforts can be reduced to a minimum.

But real, live, smoking smokestacks are an excellent indication of prosperity.

They mean life—activity—employment—payrolls—money made and money spent in our home communities.

Wish we had more of them here—wish others that are idle—if there be any—would follow the example of the big Dawson Pickle Plant and show by a curl of inkiness emitting from their stacks that the plant was busy—that the unemployed are again at work.

## HOW CAN YOU HELP?

Easiest thing you know.

Tell your retail merchant that you want home-made goods.

Tell him this fact: That right here under our nose is manufactured things to eat and wear which are just as good—just as stylish and durable—just as wholesome—just as low in price—as any similar goods—and you want them. Insist upon them.

Tell your shoe man that RED SEAL SHOES, made by the J. K. Orr Shoe Co., are a home product of which you are proud—and see that a pair goes on your feet.

Tell your grocer that the best HAMS, BACON and SHOULDERS are the CORNFIELD brand, cured and packed here at home by the White Provision Co., and that's the brand you want. If he hasn't got this brand, he'll get it mighty quick—just as soon as a few home people call for it.

Tell him, too, when you want VINEGAR, PICKLES, PRESERVES, etc., that you prefer the goods which are made here at home—in a clean, sanitary plant, employing nearly a half hundred of home men and women—all white labor. Call for the line put up by the Dawson Brothers Mfg. Co. Your grocer knows the line—and he can get it for you if he don't happen to have it.

Ask your grocer, too, for MISS DIXIE SELF-RISING FLOUR or for CAPITOLA FLOUR. Manufactured by the Atlanta Milling Co., giving employment to a large number of home people—and the product of this mill is the very best on the market.

You wearers of Shirts, Pants and Overalls—make it your invariable rule to call for the ARAGON BRAND. Nearly a half thousand men and women are employed by the A. M. Robinson Co. in the manufacture of these lines of wearables. A strictly home company—making a line of goods the equal of any. Your retailer will be glad to supply you—but YOU CALL FOR THEM.

Then there's KENNESAW BISCUIT—baked and packed by the Frank E. Block Co., in a model home plant, where hundreds of home people are employed. That's something. And, besides, the goods are always fresh and crisp—and they cost you no more than similar goods of other brands.

**YES,** You can help in the employment of more home people—you can help in the starting up of idle plants here at home—you can do a whole lot toward boosting your home community, and at the same time get the best goods—by calling for HOME-MADE GOODS—DO IT NOW.

## FOUR HEALTH IN CARDUI

Oklahoma Lady Says She Visited Four States Seeking Health, But Did Not Find It Until She Took Cardui.

Henrietta, Okla.—Mrs. Anna Hillman, of this place, says that she suffered for 8 years with headache, backache and other complaints caused by womanly troubles, and that she had been to Colorado, Dakota, Missouri and Kansas seeking health and never found it until she took Cardui. She says she was given up and was told that she had cancer and was confined to her bed for three months.

She further says: "We then moved here, and after moving here the druggist here in Henrietta, Okla., told my husband about Cardui and gave him a Birthday Almanac, and I read the testimonials and began taking it, and could see after I had taken the second bottle it was doing me good, and so I have kept it up. I would not do without it in the house. When I feel tired and nervous after doing a hard day's work it seems to rest me and make me feel fresh."

Today I am a well woman and I know that Cardui... has cured me. I can do all my own work and washing and house cleaning now without ever giving out. I have several friends right here in town who have been unable to do their work for years, but are now up, since taking a couple of bottles of Cardui. I weigh 145 pounds, and am always well. When I am feeling tired, I take a year ago all weighed 100 pounds.

All druggists sell Cardui, the woman's tonic. Try it if you need a remedy of this kind. Get a bottle today.

## JEWS WANT POLLS OPEN UNTIL 8 P. M. SO THEY CAN VOTE

If the polls for the city primary are not kept open until 8 o'clock at night on September 20, about 150 Orthodox Jews will not cast their votes.

This statement is made by Sam P. Cronheim, who says that September 20 is a Jewish holiday, and that the polls are kept open until two hours after sunset, when the holiday ends.

Mr. Cronheim is confident that the members of the city executive committee will see to it that the polls are kept open until 8 o'clock.

As the bond election has been adjourned for September 20, the date of the election cannot be changed.
